For Lenora Quvus:

This song by Robert Cray was always a favorite... and Fleetside did it up GREAT!...

But it makes me think... thirty-four years of lies and manipulation... what did she expect to get for it? I can't figure it out, and what's worse... I don't care enough to try; I guess there are some forms of evil that, for me, are truly banal, even though Big Evil is not.

And she had me, too: that's the exquisite irony in it all... what a waste of a human life (hers), acquiring a lover willing to marry within HER church AND raise a child with her, just to toss aside later for the sake of... some frenetic stabs at Free Love? What?

Nothing's free in this universe, especially love. It always costs. (She wound up with HPV, for starters 😞)

sincerely,  
Anne Rose

PS: did you know that Pete thinks he sucks on guitar? It's stupid but true; that's why he's not playing in a band now. !!!  
Thankfully, I feel zero remorse over not being a truly great guitarist, because it's too much fun in the doing... 😊

Lenora Quvus - MEANWHILE, I think one of these days I will get around to formally resigning from my informal rôle as Freddy Villano's style consultant - I tell him, "Freddy, that bottom needs a red candle atop the skull and crossbones if you want to 'make a statement,'" but does it happen?

Nah. I know it seems like a lot of trouble to stick the thing up before every gig and not catch everything on fire and all, but the Red AND the Black is "where it's at!," and even though it's not an Eternal Flame, it's about as good as it gets in this particular universe (alas).

LOL to Freddy: I hope you're doing well. 😊

Sincerely,  
bombzie anne blayk

HAH!

I decided I really really OUGHT to find and scan the letter a friend sent me in which she noted that reading The Red and The Black placed her in mind of Ce...

For me and my baby... a dedication would be nice?

- anne/rose

PS: Remember how I explained the meaning implicit in my business card at your gig with [Ten Man Push](#)?

Right: "bringing the guiterror" is my job, and I nurse the conceit that I'm good at it!

LOL

PPS: Maybe you guys should lay off the HEAVY for a while, good God, do you want the entire universe to become compacted into a black hole or something? (mirth)

This shit rocks. Totally. PROPS
