about me

Mega-ironic buy-curious early-late-transitioning pre-op PhiBK TS intrigued by the prospect of lively multi-lingual exchanges of views on the meta-theory of ethics, politics, and religion, and of course, whether the weather will turn for the better... or worse.

If the music is turned up too loud for any such discussion to be intelligible... well, these things happen (shrug).

about you

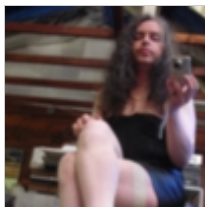

Ask, beg, plead, reprove, beleaguer, or cajole me... "You'll pay to know what you really think!"

"But... I paid for an argument--this is not an argument!" "Is so!" "Is NOT!" "It is!" "But..."

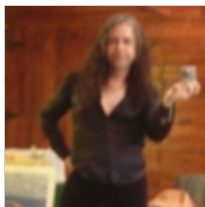

"TIME'S UP!" - Bing!
